The UNHP Northwest Bronx Resource Center offers all services for free 718-933-2539**

Introduction to the Bronx Banking Guide

Background

The Bronx has both the lowest proportion of households with a bank account of any borough in New York City at 21.8%, and the lowest concentration of bank branches per person of any county in New York State. Those without bank accounts, and even some with them, often utilize fringe financial services such as check cashers and pawn shops that may be more convenient but are also high cost.

With this *Guide to Banking in the Bronx*, we hope to inform you about affordable, convenient and responsible banking options in the borough, helping you make the best possible personal financial decision.

Why open a bank account

Bank accounts offer financial security in four primary ways:

1. Deposits made to banks and credit unions are insured by the federal government up to \$250,000 (FDIC/NCUA), meaning that your money will always be protected and accessible.
2. Bank accounts encourage saving and help your money grow, with an account that pays you interest, your savings can help in emergencies and planning for the future.
3. You can build a relationship with a banking institution, maintain personal financial records, conduct basic transactions and develop a credit history.
4. Affordable checking accounts allow customers to use a bank with little

or no fees, saving money compared to check cashing services.

What to consider when opening an account at a bank or Credit Union

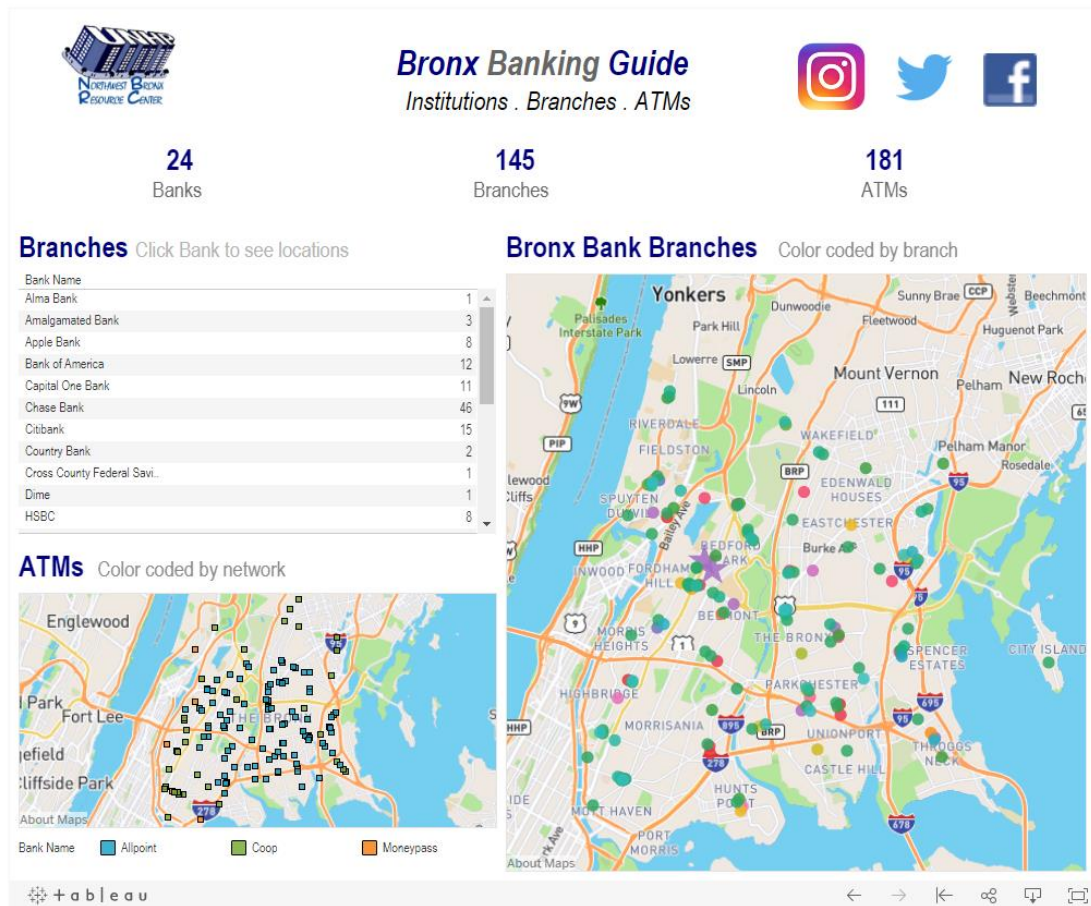

When choosing a banking institution, it is important to consider cost and convenience. This Banking Guide includes information on the most affordable checking account options and branch locations for all banks with branches in the Bronx, most of which offer free or low-cost banking options.

Additionally, you may want to consider the responsibility of the institution's banking practices. Our 2012 report, [*Banking in the Bronx: Assessing Options in a Historically Redlined and Underbanked Borough*](#) or a recent UNHP blog post, [*More Alternatives to Alternative Financial Services Needed in the Bronx*](#) provide information on the lending practices and community investment activities of banks in the Bronx.

How to open a bank account

Bank accounts can be opened by visiting a branch location, and many banks now offer the option of applying for an account online. The bank will need to confirm identity and proof of address, usually photo ID, utility bill or lease and social security card. If you do not have a social security number or state issued ID, you can use an ITIN number and secondary form of identification such as a valid consular ID, passport, national ID card, or foreign driver's license. For more information, please visit the individual bank's website, or call or visit a branch location.

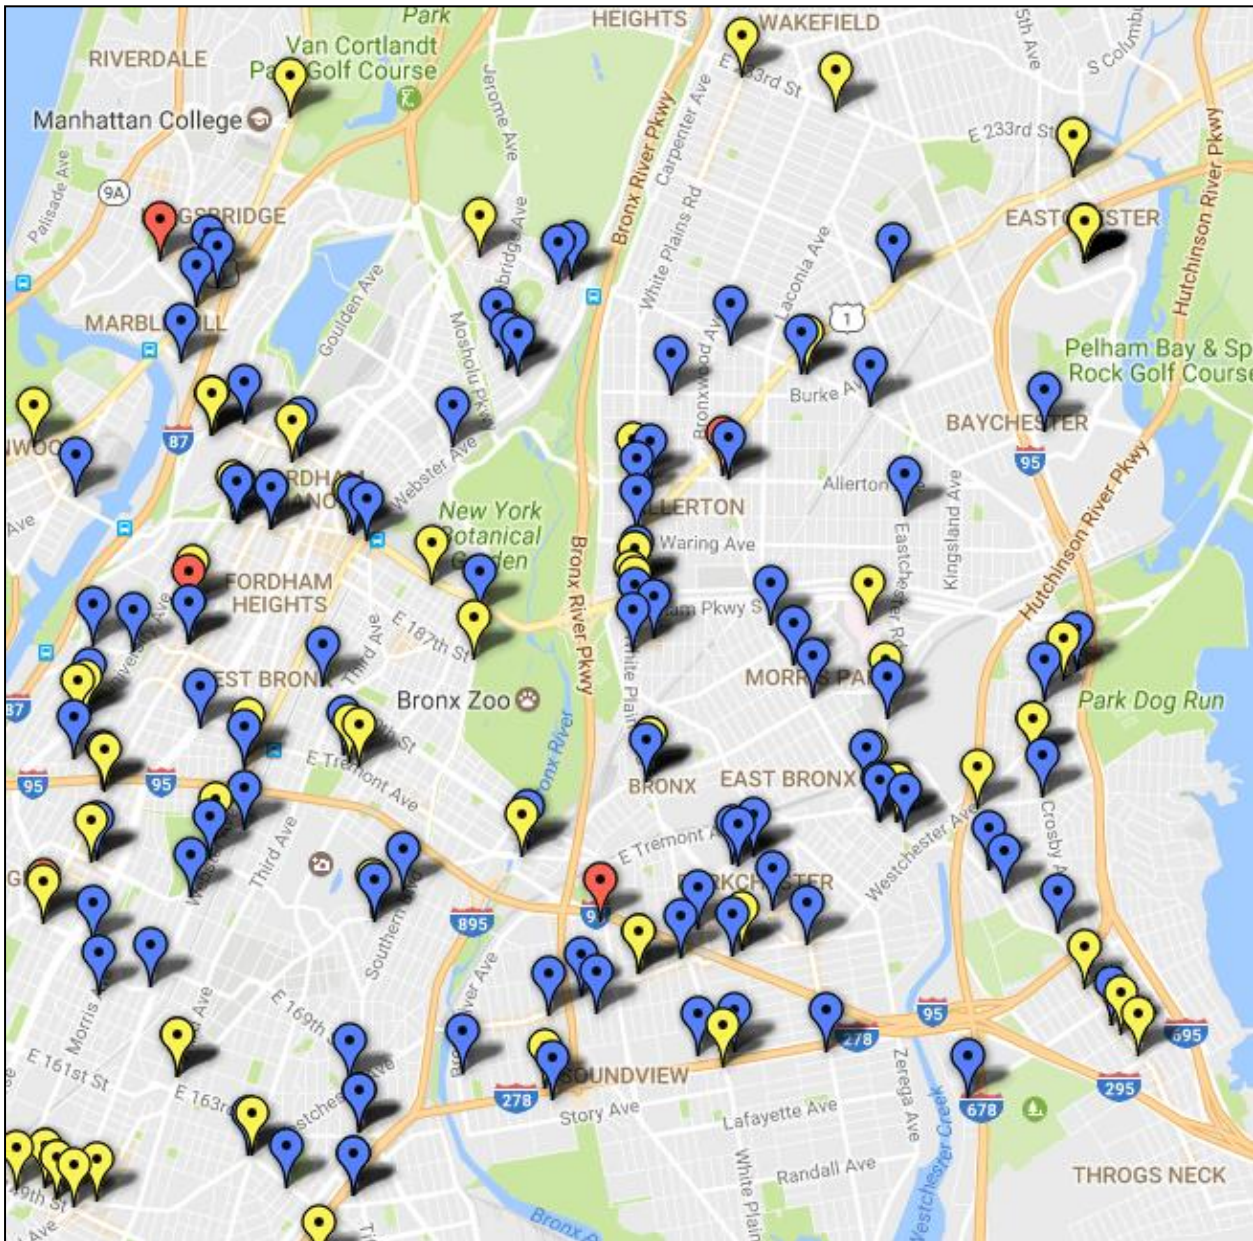

Map of Banks and ATMs in the Bronx

24 different banks and 150 Branches in the Borough

	Alma Bank		Dime		Santander
	Amalgamated Bank		HSBC		Signature Bank
	Apple Bank		M&T		Spring Bank
	Bank of America		NY Community Bank		Sterling National Bank
	Chase Bank		Northeast Community Bank		TD Bank
	Citibank		Ponce de Leon		US Alliance Financial
	Country Bank		Popular Community Bank		Wells Fargo
	Cross County Federal Savings Bank		Ridgewood Savings Bank		

ALLPOINT, COOP, and MONEYPASS ATM Networks

Network		Participating locations:
	Allpoint	Target, Costco Wholesale, Walgreens and CVS Pharmacy
	Coop	Rite-aid and Dunkin Donuts
	Moneypass	7 Eleven, BP Gas Station and Walmart

Comparing Fees: Check Cashers vs. Bank Accounts

Suppose you receive a paycheck of \$600 twice per month and pay 2 bills per month. Below is a sample comparison of the fees you will incur at a check casher, with a low cost bank account, and with a free bank account in one year.

If you use a check casher

Services Used	Fee Amount	Fees in One Month	Fees in One Year
Cashing Checks Fee = 2.03% of check	\$12.18	\$24.36	\$292.32
Money Orders	\$2.00 Per money order	\$4.00	\$48.00
Total Cost in One Year: \$340.32			

If you have a low cost account with a bank or credit union

Services Used	Fee Amount	Fees in One Month	Fees in One Year
Writing Checks	\$25.00 (cost for one book of checks)	N/A	\$25.00
ATM Withdrawal	\$3.50 Per withdrawal at an unaffiliated ATM	\$3.50 One withdrawal a month at an unaffiliated ATM	\$42.00
Monthly Account Fee	\$5.00	\$5.00	\$60.00
Total Cost in One Year: \$127.00			

If you have a free account at a bank or credit union

Services Used	Fee Amount	Fees in One Month	Fees in One Year
Writing Checks (online bill pay could reduce this fee)	\$25.00 (cost for one book of checks)	N/A	\$25.00
ATM Withdrawal	\$3.50 Per withdrawal at an unaffiliated ATM	\$3.50 One withdrawal a month at an unaffiliated ATM	\$42.00
Total Cost in One Year: \$67.00			

The fees above are estimations based on typical costs and vary by institution and account type. According to the above scenarios, in one year you would save \$213.32 at a low cost banking institution compared to a check casher, which is equal to 17.8 % of your monthly income of \$1,200. With a free checking account, you would save \$273.32, or 22.8 % of your monthly income compared to using a check casher. This means in a year you can avoid \$3,279.84 in fees and instead keep them in your pockets.

E-checking accounts: These checking accounts are typically free, however they are for customers who are comfortable only managing their finances online. Benefits vary, but typically include limited ATM fee reimbursements. Please visit the financial institution website for more information and to ensure that the account listed is still up to date.

Ally Bank

Checking Account Comparison Worksheet

Use this template as a guide to choosing the best banking option for you. You can compare the convenience and cost of banks in the worksheet below. Be sure to check if the bank has limits on the number of transactions you can use each month with your ATM card or check writing.

Bank Name				
Convenience	Branch Location nearby?			
	Hours of operation			
	Free ATM nearby?			
	Can communicate with bank staff in preferred language?			
Cost	Monthly Service Fee			
	Outside ATM fees (by bank and ATM owner)			
	Overdraft/Check bouncing fees			
	Total monthly cost			

For help reducing banking fees, comparing accounts, improving your credit score, enrolling in our free financial programs, or help with opening a new checking or savings account due to a [ChexSystems report](#), contact UNHP at 718-933-2539 or [our website](#). The [UNHP Northwest Bronx Resource Center](#) offers free 1:1 financial coaching and group financial education workshops. The real question about free and low cost account is – is it free for you? Some free accounts require direct deposit or other conditions. [This link](#) to the NYC Comptroller’s report [Take It to The Bank](#) is also helpful to compare accounts.

For a complete map of bank branches in the Bronx, visit our [interactive bank branch map](#).

Secured Credit Cards & Loans: A Banking Product and Credit Building Tool

Have you been denied a credit card or loan? Are you looking to establish or improve your credit score?

A secured card can be your first step in gaining control of your credit history. Secured Cards provide individuals with little or no credit history, that have been denied credit [or a traditional unsecured credit card] the opportunity to establish or improve their credit rating. This revolving product with the right spending plan can boost credit score and ultimately provide savings. A secured credit card or loan requires upfront cash deposit. The amount deposited is then secured by the bank as collateral and made available to the customer for purchases and payments. As the credit line on card is used and monthly payments are made, funds are renewed. At the end of the term, the cash deposited is returned with higher chances at being approved for an unsecured card and other forms of credits with fewer fees.

For example:

You obtain a secured card of \$500 and are required to deposit \$500

\$500 is your credit line and available for your use.

Bank will report usage, spending and repayment to credit bureau

If you pay the credit charges on time your credit will improve and you may access more traditional credit

If you do not repay the credit, the bank will keep your deposit and you may be charged additional fees.

As with any product and credit card, it is important to read the fine print and understand the terms: interest rates, fees, APR (Annual Percentage Rate), application fee. Also make sure that the payment history on the account will get reported to the three major credit bureaus (Experian, Equifax and Transunion). To really improve your score, avoid maxing out the card, maintain a low balance (only use 30%-50% of available balance) and always pay on time and if possible the full balance. Improvements to your credit score can be noticed within 6-18 months. Partially secured card are also offered and these provide a higher credit line than initial cash deposit. Certain banks also pay interest on deposit.

Below we've listed several cards and their benefits. Interested consumers can apply at local Branches or get help from a financial coach/advisor. Secured loans are also offered as a credit building product.
